More resources

Clicking on each of the titles in bold below will take you to another page with lists of links and/or other resources.

Recycling Information Sheet – This brief guide, compiled by the CCAC, contains helpful information, including internet links to sites that will help you figure out what services are available for recycling in Greenville County, and what items can and cannot be recycled by each service. This PDF: ["Recycle in Greenville County"](#) contains a complete list of items that can be recycled. It also indicates where to take specific items and provides location information for various drop-off sites.

Resources on Environmental Sustainability from the US Government and Various Non-Governmental Organizations

There are a vast number of web sites hosted by the US government and NGOs that deal with environmental sustainability. This page contains links to a limited number of such sites that the CCAC thinks may be particularly useful. If you know of a site that is not listed here that you think should be, please pass the information along to a member of the committee. [Click here.](#)

Creation Care at St. Peter's – What's happening now at our Church?

This page contains information about the St. Peter's Creation Care Action Committee, such as updates regarding when the next scheduled meeting will take place. If you are interested in attending, we'd welcome you to join us. From time to time, this page will also describe news regarding things like new initiatives to make the operations of our Church more sustainable, and events such as workshops or presentations hosted by the CCAC.

Archives of the "Creation Care Corner" articles from the St. Peter's Newsletter

Each month, the Church Newsletter features a brief description of some kind of action that each of us can implement in our lives to live more sustainably. These short articles will be archived here so that you can refer back to them in the future.

Creation Care Corner - April 2023
"Meatless Monday"

Creation Care Corner - May 2023
"No Mow May"

Creation Care Corner - June 2023
"Solar Panels"

Creation Care Corner (in the St. Peter's Newsletter and archived on the CCAC Website)

Creation Care Corner

Meatless Monday - Try reducing your meat consumption by one day a week (Monday or some other day). It's been estimated that if everyone did this, it would have the same effect on greenhouse gas emissions as taking 240 million cars off the road each year. For more information, see: <https://www.mondaycampaigns.org/meatless-monday/about>

- Meatless Mondays (April)
- No Mow May (May)
- Solar Panels (June)
- Zero Waste Households (July)
- Low Waste Contest (Aug.)
- Duke Energy Audit (Sept.)
- Low Waste Ideas (Oct.)
- Episcopal CC Pledge (Nov.)
